SCHOOL REPORT.

Fellow Citizens:—

In reviewing the school work of the past year, we find that we have maintained two hundred and ten weeks of school, aside from the three weeks extra at the Centre Division from the Mary Eaton fund.

There has been a school in nine Divisions, but in only eight, at any one term. The Burpee Division, having only two pupils and one of those incapacitated for school the first term, the other kindly went to the Centre Div. without cost to the town.

In the fall two more were conveyed to Bradford, at the town's expense. The winter term there being four more pupils and all unable to attend elsewhere, a term of nine weeks was very profitably held. In the Highland Div. where as you know, there had been no school for two years, for lack of pupils, a term was opened in May with nine, including two from Warner Gore. In the fall it was decided by all concerned, that it would be better to lengthen that term to twelve weeks, than to attempt another during cold weather. The Eaton Div. was shortened one week, on account of sickness. Aside from these, each Division has had twenty-six weeks of school.

There has been such a demand for copies of books already in use, that we have been unable to change text books, with one exception, the Higher grade of Arithmetic. We hope to be able to change the Fourth and Fifth Readers the present year.

Considerable time has been spent in repairing books and maps, to save a greater outlay for new ones. We are very sorry to say, that the pupils grow more and more careless in the care of their books, seeming to think, that because the town furnishes them, they cost nothing.

Again I kindly ask the parents to concur with us in urging their children to take better care of the books loaned them.

The repairs, aside from the shingling of the house at the Centre Division, have been light. There is great need of shingling and painting the house, in the Mountain Div. The rain leaked into the school room quite badly during the last term, Quick action in this matter may save greater expense later on.

Eleven different teachers, only three of which were from out of town, have labored diligently to assist in making our schools a success.

Two diplomas have been awarded.—Elmer Flint, Old South Div. Ralph Gillingham, Burpee Div.

Respectfully Submitted,

C. R. FOLLANSBEE, } School Board
MARY E. BAILEY, } of Sutton.
